FOR THEATRICAL USE.

COLORED FIRE.

Tableau Lights.—The colored fire that gives such a charm and glory to tableau and fairy scenes on the stage, can be easily introduced into parlor performances. There are many books giving recipes to make these fires, but they all contain sulphur and potash, which, when mixed together, are liable to spontaneous combustion and explosion, and are, therefore, dangerous. These lights are made expressly for parlor use, contain no sulphur, and are entirely free from danger. There are five colors (red, white, blue, green and violet), and ready for use. Price, 25 cents, or \$2.50 per dozen.

Magnesium Tableau Lights. This is a white light, suitable for moonlight or statuary. Price 25 Cents.

Either of the above will be sent by mail, post-paid, on receipt of price.
